### **Live Webcasting of CPhM Professional Development Programs at sbrc.tv**

The College Professional Development Committee is pleased to introduce live webcasting of PD programs through services provided by the St. Boniface Research Centre at sbrc.tv. In addition to offering programs through videoconferencing, PD programs will also be made available to pharmacists through live webcasting. Pharmacists will be able to view a stored recording of the program at any time at sbrc.tv.

#### **To get started:**

Go to sbrc.tv and click on “Join” to register at the site. You will be asked to create a username and a password. After your initial registration, you will need to Login each time you participate in a live webcast. You are not required to Login to view a previously recorded program.

#### **To participate in a live webcast:**

Login at sbrc.tv using the username and password you created. Click on “Calendar” and go to the program date. Click on the folder marked “College of Pharmacists of Manitoba” and enter the case-sensitive password “CPhM”. It is best to connect to a live webcast at least 5 minutes before it is scheduled to begin.

During the live webcast, you have the opportunity to communicate to other participants and the speaker by sending comments “privately” or “publicly”. To direct questions to the speaker, begin your comment with the word, “Question” and send it publicly. Speakers will view and respond to questions at the end of the presentation.

CEU certificates will be sent to all pharmacists participating in the live webcast within the week following a program.
